I really enjoyed this experience. It gave me insight into caring for babies.

I really liked everyone and everyone was very nice and loveable.

I really liked the one NICU

I thought it was very knowledgeable.

I was left alone for a while then got put in surgery

I would have liked to have toured C8 more and got a better experience out of it.

I would've put higher scores, but I didn't really get to do what I wanted and it was pretty boring.

I'm still undecided about what I want to do, but loved this program!

It really made me realize how much I want to be a nurse.

It was a great experience. But the power outage limited us to what we could see.

It was a very fun and educational experience.

It was amazing!

It was fascinating.

It was fun although I got a little queasy in the histology lab!

It was fun and interesting but I couldn't do anything hands on.

It was nice to have a helpful and positive "role model"

It was not much fun. I just sat and watched people do things.

It was very informational for me.

I really enjoyed shadowing overall

Interesting

It was very helpful with helping me make a decision about my career. Its always good to talk to people in the career you want to go into.

It was very informative and everyone was very welcoming and willing to tell me about nursing.

Kathy helped me understand the NICU efficiently. Good program.

Kim was really nice and kind.

Linda was a great person and explained many things that I had questions about. Great experience.

My ambassadors did a good job showing me the way nursing days are at Lakewood Hospital

My preceptor was great! Had fun and learned much.

My shadow experience was amazing. It showed me how life in the hospital works and everyone was really nice.

None. Great experience!

Nurse I shadowed was very informative. Also, I gained a lot of advice through healthcare workers.

very informational

Very informative and helpful!

Very insightful health care provider help.

Was a good day

Was fun, but I wish I also could have seen what a clinical pharmacist does

8. Suggestions for changes in the program or any additional comments:

A change I would suggest would be to do more hands on things, and make nuclear medicine more interesting.

A great shadowing program

Add other professions

Add other professions to the program

Being able to go where you want, even if there are a lot of people wanting to go.
Better directions. An address to meeting place. The experience was incredible and I enjoyed my day.
Change nurse once in a while to experience different floors
Come earlier to watch meds passed
Do some hands on things. Don't just stand and watch.
Do things regarding the topic people picked. Show them radiology if that's what they came for.
Everyone was great. Very helpful.
Everything was great.
Everything was great. I really loved who I shadowed.
Find out what's going to be boring and doing nothing all day
get different areas
Had a great experience and learned a lot of new information.
Have a longer period to shadow.
Have students stay with one employee entire day
Have the student more involved.
I don't think that there are any changes that need to be mentioned.
I enjoyed the ability to interact with nurses and parents of patients.
I had a wonderful experience with shadowing. I can't wait to do it again!
I think everything was perfect.
I think the experience was wonderful and does not need to be changed
I thought it was very organized but maybe add rotations so we can see more than one area of the hospital.
I was a day early but I'm sure the program is more organized.
I would have liked to be more involved and get a better experience.
I would offer a video for days that are slower.
I would suggest not having nuclear medicine in the rotations.
I would want to choose a program that I am thinking about going into
I wouldn't change a thing. I loved the experience.
I would've wanted to do hand-on work even though I feel we wouldn't have been allowed.
If possible at all, a little more hands on experience with the patients.
It was great. I loved it.
Know what hospital you will be attending!
Let students experience more than one center in the hospital.
Longer period of time to get the full experience.
Make sure the nurses chosen are available for the whole day.
Maybe a map.
Maybe asking the students what specialization they were thinking of going into so they could shadow someone from that area.
Maybe extend the time period
Maybe have more opportunities to observe during the day.
More demonstrations
More hands on
More info before
More time and more than one unit.

8. Suggestions for changes in the program or any additional comments: CONTINUED

More shadowing time - to view operations.
More visual experiences need to be shown.
No changes and very informational
No it was good.
No suggestions. I had a good time.
No suggestions. Very helpful to talk to such a diverse group of people.
No, experience was a great one!
No, it was perfect!
None - program was more than expected.
None it was excellent!
None! It was an amazing program.
none, great experience
None, had a wonderful time.
none, it was a good experience
none, it was a good experience
None. It was a great experience.
None. Shadowing was fun. I liked the ultrasound the best.
None. The experience was great.
Nothing I loved it.
Nothing that I can think of.
Nothing. The ambassador taught me a lot.
Possibly focus a little more on the program focused on.
Possibly make it longer to 3 or 3:30.
Possibly more hands on activities
Provide a larger amount of time to view the program.
Stacey and Bruce made everything more fun! Best experience through ER.
The program overall was good. I wish there was something hands on that was available to do.
They should have areas where the student can also help or work with the doctors. It still was interesting and I did learn something new.
This program is great and would not change anything about it.
To add more hands on opportunities for the shadowers.
Very good experience.
You should give us more money for lunch because the food in the cafeteria is expensive.
